

Free Range Poultry Shelter Set

RSPCA Assured & Lion Code compliant protection for your flock

The Elite Precast Concrete Free Range Poultry Shelter Set delivers robust, weather-resistant cover and is designed specifically for free range and rotational grazing systems

Shelter set

1 x Heavy-Duty Waterproof Tarpaulin

Long-lasting protection against sun, wind, and rain.

4 x Precast Concrete Bollards with Hooks

Solid, stable anchoring that resists high winds.

Key Features

Exceptional Stability

Solid concrete bollards keep shelters firmly in place.

All-Weather Protection

Durable tarpaulin shields against sun and rain.

Mobile & Flexible

Perfect for rotational grazing and repositioning.

Fast Assembly

Fully operational in under an hour.

Farm-Proof Build

Will endure demanding agricultural conditions.

Delivery

Nationwide UK delivery and setup support.

Benefits for your birds & business

- Encourages birds to fully utilise their range area.
- Meets RSPCA standards for predator and weather protection.
- Prevents costly shelter blow-overs.
- Supports pasture recovery and improved grazing management.
- Reduces flock stress through secure, overhead cover.
- Delivers season-after-season reliability.

Capacity

Designed for 200-500 birds per unit. Multiple units available for larger flocks.

Only **£250** for a complete poultry shelter set

Poultry Ramps and Platforms

Safe, durable, welfare-approved access for your birds

Our precast concrete poultry ramps and platforms are engineered to improve bird welfare, reduce injuries, and withstand the harshest farm conditions. Designed with both bird and farmer in mind, they're the ideal solution for safe shed access - either for new builds or retrofits.

| Type | Length | Width | Height | Weight |
|---------------|--------|-------|--------|--------|
| Poultry Ramp | 2000mm | 300mm | 300mm | 156kg |
| Exit Platform | 2000mm | 300mm | 150mm | 225kg |

Key Features

Solid Concrete Construction

Built to last in all weather conditions.

Non-Slip Surface

Ensures confident footing in both wet and dry conditions.

Optimised Step Height

Minimises stress and jumping-related injuries.

Flexible Installation

Suitable for both internal and external use.

Custom Sizing

Manufactured to fit any shed configuration.

Fully Washable

Hygienic, easy-to-clean design keeps your setup farm-ready year-round.

Benefits

- Eliminates costly injuries from awkward exits.
- Reduces stress and meets RSPCA Assured compliance.
- No loss of indoor floor space.
- Fits with basic tools, no specialist skills required.
- Heavy-duty construction means fewer replacements and lower lifetime costs.
- Ideal for both retrofitting existing sheds and integrating into new builds.

From free range to barn systems, our poultry steps are built for performance, safety, and welfare compliance, season after season.

Starting from only **£45.00**
